

Restorative Practices

We train teachers and leaders to:

- Foster positive classroom and school culture with restorative practices
- Learn the fundamental theory and practices for engaging with students, staff, and parents
- Set high expectations while being supportive
- Provide direct feedback and ask questions that foster accountability
- Provide how to be proactive about discipline and the most effective methods to resolve common conflicts
- Facilitate restorative conferences for creating a positive learning environment and culture
- Build healthy relationships
- Cultivate positive school environment
- Provide proactive approaches in restorative practices
