

CCEIS Support

If your district has been identified for CCEIS, your district must:

Allowable CCEIS activities typically include:

Our team can help your districts in the following ways:

- Identify the root cause
- Develop a plan to address the specific area identified
- Set aside 15% of their allocation of federal special education funds (during the identified school year) toward the development and provision of CCEIS activities and services
- Implement and monitor your CCEIS activities, services, and professional learning with fidelity

- Provide professional development for teachers and other school staff to enable personnel to deliver scientifically-based academic and behavioral interventions
- Provide educational and behavioral evaluations, services, and supports that address factors leading to disproportionality

- Build leadership and staff capacity/skills related to the factors leading to disproportionately in your district
- Assess programming needs in all identified areas
- Provide CCEIS-aligned professional development related to MTSS, PBIS, Special Education, and much more
- Implement and monitor your CCEIS Plan's Activities (through ongoing guidance and coaching)
- Ensure that your CCEIS programming improves instructional practices and student achievement
- Use CCEIS to create effective MTSS, Behavior Support, Child-find, and Special Education Frameworks
